

We are writing to show our support of K-LOVE radio station. We give our support to this station because it's the only station that doesn't put out all the garbage the other stations do. If K-LOVE were to be displaced by LPFM stations, this community would have no other positive alternative station to listen to. K-LOVE is encouraging in the music they play, positive in the messages they promote, the D.J.'s are fun to listen to and we NEVER have to worry about what our kids will be hearing when they listen to K-LOVE. K-LOVE is a safe environment in this very un-safe world! If K-LOVE goes off the air, we'll have no need to turn the radio on, because all we will hear is trash and endless commercials.
